### Skill-Focused Prep

The GMAT is a test of skill, not knowledge, and skills are developed by focused, everyday practice. Our weekly classes are thus scheduled as Skill Weeks focused solely on one topic — Arithmetic, Reading Comprehension, Sentence Correction, Numbers, and more.

### Integrated Doubt Solving

Doubt Solving is aligned with the class schedule. The second class of every week will be preceded by 45 minutes of doubt-solving related to the previous class. Learners are thus encouraged to be regular in their practice.

### Personalized Mentoring

Every learner is different and needs 1-1 support. Over & above the doubt-solving sessions, every learner can book up to five 1-1 **myPLAN** sessions of 30 minutes each.

### Official Practice & Testing

In addition to IMS Practice and Testing content, learners will also get Official Practice Material.

The practice materials includes:

GMAT  
Official Guide

29 Post-Class  
Drills

25 hours of video explanation  
for Post-Class Drills

17 Area-wise Tests

4 full-length linear tests with  
Area-wise Performance Analytics

GMAT Official  
Practice Exams - 6 Tests

GMAT Official Integrated Reasoning  
Practice - 72 questions
